

VACANCY NOTICE

The International Organization for Migration is seeking qualified Nepali Nationals for the following position based in Damak.

Vacancy Notice No: **VN#NP/06/10**
Position Title: Migration Health Physician
Classification: NOA
Type of Appointment: Fixed-term, one year with possibility of extension

General functions:

Under the supervision of the Chief of Mission (COM) in Nepal for administrative issues and direct supervision of the Chief Migration Health Physician (CMHP) in Damak, Nepal, the incumbent will be responsible for medical examination, referral and treatment of the refugees and migrants in relation to Resettlement Migrant Health Assessment Programmes. In particular, she/he will:

Major Duties and Responsibilities:

1. Conduct health assessments of the refugees and migrants, including review of the medical history, physical examination, re-reading of the Chest X-rays (CXR) and review of the test results, in accordance with the technical guidelines of the resettlement countries.
2. Ensure proper identification of the migrants during physical examination.
3. Record all relevant health data in standard forms; ensure completeness and accuracy of the recorded information.
4. Liaise with the radiologist and laboratory staff regarding results of the respective tests.
5. Make referrals for additional testing and treatment, if necessary; follow up patients on treatment.
6. Support the CMHP in the management of the various aspects of the Health Assessment Programmes: organization of workflow, supervision of the junior staff, liaison with external partners and service providers, medical procurement.
7. Perform treatment of tuberculosis, sexually transmitted infections and provide support to the HIV and TB counseling activities.
8. Take part in the surveillance system through notification of the stakeholders about communicable diseases identified during health assessments
9. In coordination with the CMHP liaise with in the health authorities in the US Centers for Disease Control and Prevention (CDC), DIAC and CIC. If requested by CMHP, represent MHD in the internal and external meetings.
10. Ensure that all relevant data related to the health assessment program are entered to MiMOSA and other related databases.
11. Participate in data analysis related to the health assessment program for presentation and program planning.

Required Qualifications and Competencies:

1. University degree in Medicine.
2. Valid license to practice medicine in Nepal.
3. Five years experience in clinical medicine (internal medicine, surgery or pediatrics).
4. Thorough knowledge of communicable diseases.
5. Ability and willingness to work in difficult conditions.
6. Fluency in English, both oral and written. Knowledge of English medical terminology.
7. Good computer skills.
8. Ability to work harmoniously in a multi-ethnic environment and with persons from different cultural backgrounds.

Desired Competencies:

- Post graduate training and/or working experience in any of the following domains- public health, communicable diseases, tropical medicine or chest diseases – is a distinctive advantage.
- Knowledge of the Nepalese health system.

- Demonstrated awareness of gender issues

Interested Candidates are requested to submit their application indicating clearly the position applied and CV with three references and a photograph to the following address: **Human Resource Department, International Organization for Migration, P.O. Box 25503, Baluwatar, Kathmandu** or email to **Jobsnepal@iom.int** by **3 April 2010**. Only shortlisted candidates will be called for interview.
